

ASCENDER PARENT PORTAL

Welcome to AVERY ISD Parent Portal. This site provides web access to school-related information about your students, including attendance, grades, assessments, and immunizations.

To access the parent portal, you must log on.

- If you are a new user and do not have a ParentPortal account, you must create your account.
- Once you have a ParentPortal account, to gain access to your student's records, you must provide a unique portal ID for each student. Your student's district or campus will provide the portal ID.

NOTE: To receive alerts and do Online Registration, you must have the email address with which you created the account entered on your student's registration records at the district. This can be emailed to parent.portal@averyisd.net along with the name(s) of your student(s).

SECURITY QUESTION ANSWER:

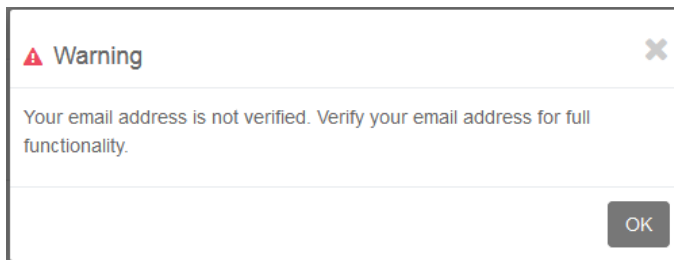

CREATE ACCOUNT

From Login page, click Create Account.

The image shows a login page with a dark background. At the top, it says "Login". Below that are two input fields: "User Name" and "Password". There is a "Login" button below the password field. At the bottom, there are three links: "Don't have an account yet? Create Account", "Forgot your password? Reset Password", and "Reset Password".

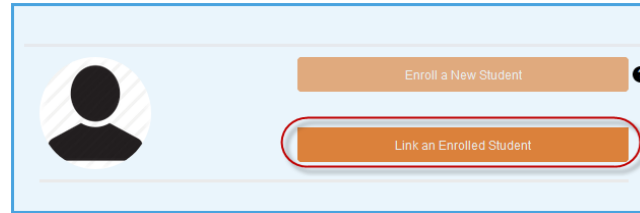

- Create user name and password
- Enter email address and mobile number
- Set up a security question

A warning message box with a red triangle icon and the text "Warning". Below it, the message reads: "Your email address is not verified. Verify your email address for full functionality." There is an "OK" button at the bottom right.

Verify email address and phone number if you plan to receive alerts by text. If you want to utilize On Line Registration and/or alerts by email you must provide the email to the campus to be added to your student's record.

LINK STUDENT TO ACCOUNT

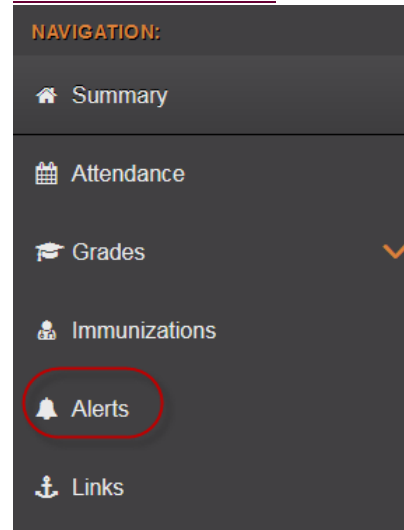

The image shows a page with a light blue background. On the left is a silhouette of a person. To the right are two buttons: "Enroll a New Student" and "Link an Enrolled Student". The "Link an Enrolled Student" button is circled in red.

Enter the ParentPortal ID (will be provided to you by the campus secretary) and the student's Birth Date

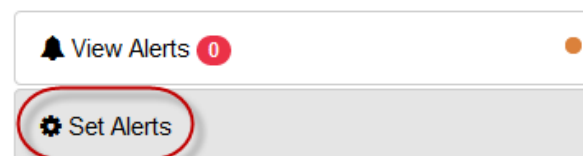

If you have verified your email address you are now ready to set alerts for each student.

SETTING ALERTS

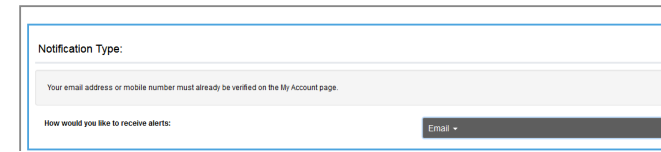

A dark navigation menu with the following items: "NAVIGATION:", "Summary", "Attendance", "Grades", "Immunizations", "Alerts" (circled in red), and "Links".

Alerts are set for each student separately.

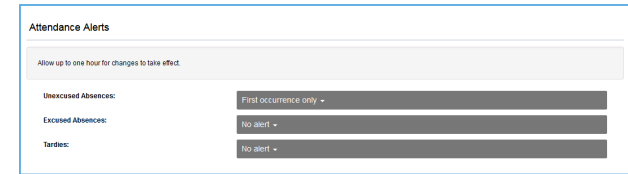

A menu with two items: "View Alerts 0" and "Set Alerts" (circled in red).

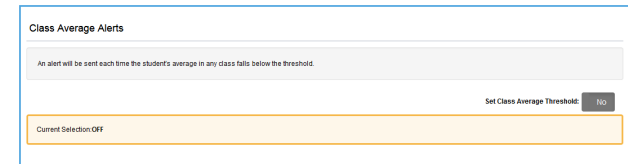

A screen titled "Notification Type:". It has a text input field for "Your email address or mobile number must already be verified on the My Account page." Below that is a dropdown menu for "How would you like to receive alerts:" with "Email" selected.

Select how you would like to receive alerts

- No alert
- Email
- Text

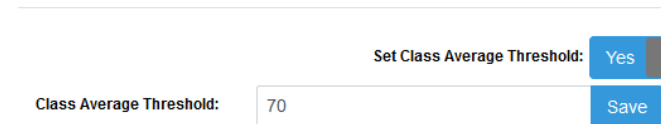

A screen titled "Attendance Alerts". It has a text input field for "Allow up to one hour for changes to take effect." Below that are three dropdown menus: "Unexcused Absences:" (set to "First occurrence only"), "Excused Absences:" (set to "No alert"), and "Tardies:" (set to "No alert").

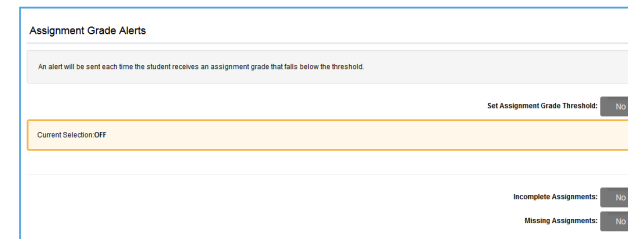

A screen titled "Class Average Alerts". It has a text input field for "An alert will be sent each time the student's average in any class falls below the threshold." Below that is a dropdown menu for "Current Selection" set to "OFF". To the right is a "Set Class Average Threshold:" field with a "NO" button.

To set this alert you will need to click NO to turn this on.

A screen titled "Set Class Average Threshold:". It has a text input field for "Class Average Threshold:" with the value "70". To the right are "Yes" and "Save" buttons.

A screen titled "Assignment Grade Alerts". It has a text input field for "An alert will be sent each time the student receives an assignment grade that falls below the threshold." Below that is a dropdown menu for "Current Selection" set to "OFF". To the right are "Set Assignment Grade Threshold:" and "NO" buttons. At the bottom are "Incomplete Assignments:" and "Missing Assignments:" dropdown menus, both set to "NO".

To set this alert you will need to click NO to turn this on.
